December 2022

## New Managing Director Dr Peter Geigle completes the Board

- **MAHA expands its Management Team as of 1 December 2022. From now on, Dr Peter Geigle is responsible for all of MAHA's development operations and complements the Management Board.**

**Haldenwang, 8<sup>th</sup> December 2022.** Effective 1 December 2022, Dr Peter Geigle complements the Board as another Managing Director alongside Stefan Fuchs and Michael Amann, the two existing Managing Directors. To begin with, he will be responsible for the entire Development Department as a first step. The Mechanical Development, Electrical Development and Software Development Divisions are therefore being merged into Dr Geigle's Division from December 2022.

After completing his training to become an engineer for communication electronics, Dr Geigle (45) studied Electrical Engineering. Once he had successfully completed his Master's degree, Dr Geigle did his PhD at the University of Cologne. In his long-standing role as Head of Development at a mid-sized company, Dr Geigle gained extensive experience and was intensively involved with innovations in the automotive sector for many years. He has also already registered several patents in the automotive sector.

'By bringing Dr Geigle on board, we have gained a highly motivated engineer who has a great deal of leadership experience – not to mention many years of expertise in technical development and a great deal of enthusiasm for topics of the future – as MAHA's Technical Director. By adding Dr Geigle to the Management Team, the company has taken yet another step to ensure that the Management Board will be in an excellent position in the long term,' confirmed the MAHA Foundation Board and Advisory Board.
